### The Lodge

Address: Chemin de Plénadzeu 3, 1936 Verbier

Website: [www.thelodge.virgin.com](http://www.thelodge.virgin.com)

A divine Swiss Alps retreat created by Sir Richard Branson, The Lodge is the perfect place to holiday with friends and family. This idyllic traditional chalet sleeps up to 18 adults in seven beautifully decorated luxury bedrooms and two stunning Master Suites, all enjoying fabulous Alpine views to the valley below. An additional six children can be accommodated in the kid's

bunkroom. Large picture windows frame spectacular views of the Alps, while allowing light to flood the elegant and spacious living space. A modern fireplace divides sleeping and seating areas in the wooden-beamed Master Suites, while simple dividers in the form of pillars and function walls create a Zen-like vibe and bring the outside in. Apart from its Wellness center, The Lodge also has a hot tub, Jacuzzi and pool.

**We love the SPA:** Guests can choose from an array of body treatments at The Lodge after consultation with the resident beauty therapist. Try the Intensive Nourishment treatment, an exfoliating 'scrub and wrap' service leaving dry, devitalised skin well hydrated and moisturized.

**Price:** Ranging from \$81,320 to \$163,950, based on exclusive use for 18 guests, including meals and drinks, local taxes and 24-hour driver service within Verbier for seven nights.

**Location:** You can opt to travel on a two-hour drive to The Lodge from Geneva International Airport, or make use of the helicopter facilities at Geneva, Zurich and Sion airports to Le Chable, only 20 minutes from The Lodge.
